316L STAINLESS STEEL TANK
NO NEED FOR ANODE RODS
LIGHTWEIGHT
DUAL PORT LOCATIONS

BUILT TO LAST LONGER
INSTALLATION FLEXIBILITY:
factory installed wiring: the junction box and elements are pre-wired, eliminating the need for splicing and taping wires - a pre-installed terminal block for simplicity of installation

MODELS:
50, 80 and 119 models with support inputs from 6 to 54kW - standard voltages of 208V, 240V, 277V & 480V in single or three phases

QUALITY DESIGN:
blue cobalt glass is fused to specially treated thicker gauge steel to provide the best coating available against corrosion – Certified to a test pressure of 300 PSI and working pressure of 150 PSI

SINGLE PANEL JUNCTION BOX:
a hinged door allows for easy access to all of the electrical components. Factory installed wiring simplifies installation.

ANODE RODS:
dual high quality magnesium anodes provide superior protection

ULTRA HIGH EFFICIENCY:
high density, environmentally friendly insulation provides superior heat retention

TWIST LOCK FLANGE:
twist lock feature makes it easy to change elements (CSA approved bolt-on resistor type immersion elements)

Product does not ship with Elements. Element kits are sold separately.

*Medium Duty models: Ship standard 240 volts / single phase, also available in 208V, 277V, 480V
**Heavy Duty models: Ship standard 208 volts / three phase, also available in 240V, 277V, 480V, or 600V
***Heavy Duty models that are 54 KW are not available in 208V, they ship in 240V
Everlast - Stainless Steel Water Heater

NO ANODE RODS NEEDED

THERMOSTAT AND HIGH LIMIT CONTROLS:
Adjustable temperature 180°F

HOT WATER CONNECTION:
Versatility, outlet connection on the top of the tank and on the side of the tank

THE FINEST PROTECTION:
Laser welded through a concentrated heat source producing high quality, long lasting, 316L stainless steel tank construction (lightweight) - Superior corrosion resistance, eliminates the need for anode rods, protects against harsh water conditions for a lifetime of durability against leaks - Limited 10 year warranty (with online registration, 5 if not registered)

MINIMAL HEAT LOSS:
Heavy-duty insulation

STAINLESS STEEL INCOLOY ELEMENTS:
Stainless steel screw plug increases corrosion resistance for longer element life versus conventional elements
Enroll in HTP Contractor rewards today, registration is easy and free. Visit www.htprewards.com!

Earn points for HTP Product purchases. A list of product point values are available after registration.

Redeem points for rewards! Redemption options include: cash, electronics, tools, a New England vacation and more!

HTP Commercial Electric Water Heater - Glass Lined Tank

50, 80, and 119 Model tanks, with input choices ranging from 6 kW to 54 kW. They can be used as recovery heaters for hot water supply service or as boosters for supplying sanitizing rinse water.

STANDARD FEATURES
- High Density Insulation
- Blue Cobalt Glass Lined
- Twist Lock Elements
- Single Panel Junction Box
- High Quality Anode Rods
- Limited Warranty
  5 Year If Registered Online

IN THE BOX
- T & P Relief Valve
- Installation Manual

The Everlast Commercial Electric Water Heater combines high quality stainless steel construction and energy efficient operation, providing long draws of hot water without consuming large amounts of energy. A cleverly designed water connection directs cold water to the heating element near the bottom of the tank to minimize the mixing of cold and hot water. Durable components, low standby heat losses, high recovery rates, and the industry’s strongest warranty make the Everlast Commercial Electric Water Heater an ideal choice for electric water heating needs.

STANDARD FEATURES
- Stainless Steel Tank
- High Duty Insulation
- Electrical Connection Box
- Limited 10 year warranty
  (with online registration, 5 year warranty if not registered)

IN THE BOX
- T & P Relief Valve
- Installation Manual
- Combination Cold Inlet & Drain Fitting

Industry Best 10 Year Commercial Warranty

In accordance with our company policy of ongoing product improvement, HTP Inc. reserves the right to make changes without prior notice.
