

Marine Water Heater 5 Year Limited Warranty

HTP warrants each marine water heater and its parts to be free from defects in materials and workmanship according to the following terms, conditions, and time periods. HTP SHALL NOT, UNDER ANY CIRCUMSTANCES, BE HELD LIABLE FOR INCIDENTAL, CONSEQUENTIAL, OR SECONDARY DAMAGES AND EXPENSES RESULTING FROM ALLEGED DEFECTS UNDER THIS WARRANTY. **UNLESS OTHERWISE NOTED THESE WARRANTIES COMMENCE ON THE DATE OF INSTALLATION.** This limited warranty is only available to the **original owner** of the marine water heater, and is non-transferable.

Marine Water Heater Warranty (1 year – Parts, 5 years – Water Heater Assembly)

The marine water heater assembly consists of the stainless steel storage tank. Control parts included with the water heater shall be warranted by the original manufacturer for one year.

COVERAGE

- A. Should a defect or malfunction result in a leakage of water within the above-stated warranty periods due to defective material or workmanship, malfunction, or failure to comply with the above warranty, HTP will replace the defective or malfunctioning water heater with a replacement of the nearest comparable model available at the time of replacement.
- B. If HTP is unable to repair or replace the water heater so as to conform to this warranty after a reasonable number of attempts, HTP will then provide, at its option, a replacement unit. These remedies are the purchaser's exclusive remedies for breach of warranty.
- C. If at the time of a request for service the purchaser cannot provide a copy of the original sales receipt or the warranty card registration, the warranty period for the water heater shall then be deemed to have commenced thirty (30) days after the date of manufacture of the water heater and **NOT** the date of installation of the water heater.
- D. This warranty extends only to marine water heaters utilized in heating applications that have been properly installed by qualified professionals based upon manufacturer's installation instructions.
- E. A replacement water heater will be warranted for the unexpired portion of the applicable warranty period of the original water heater. Replacement parts will be warranted for 90 days.

OWNER RESPONSIBILITIES

To avoid the exclusion list in this warranty, the owner or installer must:

- 1. Have a vacuum relief valve and temperature and pressure relief valve bearing the listing marks of the American Society of Mechanical Engineers (ASME) installed with the water heater assembly in accordance with federal, state, and local codes.
- 2. Operate the water heater assembly at pressure below that shown on the rating plate on the pressure relief valve.

Any claim for warranty assistance must be made promptly. Determine if the water heater is “in-warranty” (that is, within the applicable warranty period) by reviewing a copy of the original sales receipt. You must present a copy of the original sales receipt for a warranty service request.
